

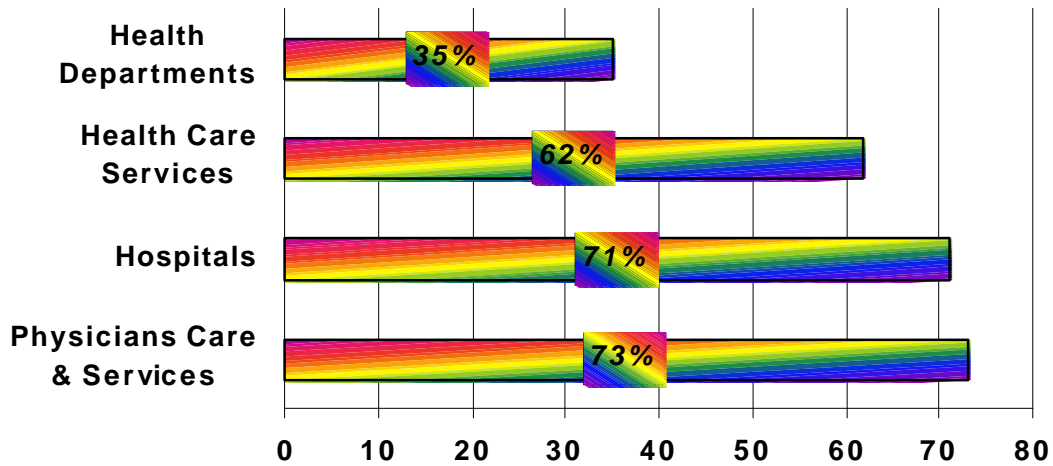

**Chart 2**  
**Key Leaders Community Stakeholders Survey**  
**Community Health Care Services Satisfaction**  
**% Responding Very Satisfied or Satisfied**

As in the Community Stakeholder Survey, data that concerned the Community Health Initiative were the ratings of “Not Adequate” in the community health services category. The Key Leader Survey’s top five services that were ranked as available but not adequate included elderly meals, child abuse and neglect services; nursing home/residential care, alcohol and drug treatment, and mental health services (Chart 3).
